

1 MIL RIGHT

Little things matter at a distance...

Student Information

L.E. Advanced Sniper / F.O.

4 Day/2 Night Course

Hosted at

ALTUS
SHOOTING SOLUTIONS

LODGING INFO

Lodging included with tuition. For this class, **students will have access to the cabin Monday afternoon through Friday afternoon.**

This is a 2 story log cabin with large yard located about 8 minutes from the CORE Shooting facility.

Directions and door code will sent after registering.

Full bedding is provided.

Furnished kitchen, cooking and dining area. Consider hitting Publix or similar in Crestview for week's groceries, etc.

Bring usual toiletries.

Cabin and Range has Wi-Fi.

Cell service at the cabin and range is poor at best. Emergency land lines at both locations.

MEALS AND OTHER

Bring your own food, drinks and snacks to the range each day as we will not be breaking long enough to leave for lunch.

Covered tables, water, ice and bathrooms are available at the range complex.

Convenience stores and gas stations are about 20 minutes away in Baker. Restaurants, major good stores, fast food and other niceties are available about 35 minutes away in Crestview.

We cook for the entire class Wednesday night. If you have any food allergies, please advise a couple of weeks prior to class dates.

ROUND COUNT

I would recommend allocating 500 rounds for this class plus any additional rounds that you may want to use for non-mandatory exercises, extra practices or long range dope gathering.

EQUIPMENT

Bolt action or Semi-Auto rifle / ammo combination capable of minimum 1 M.O.A. accuracy.

.223 Rem to .300 Win Mag. (.308Win and 6.5Creedmoor class cartridges are most common). Keep in mind that this course includes engagements between 10 and 950 yds with main concentration between 25 and 350 yds.

Rifle Scope capable of manual elevation and windage adjustment without tools.

Recommended max magnification of at least 10X on primary day optic.

Graduated reticle with fractional M.O.A. or Mil-Radian divisions.

Clip-On type Night Vision device if available. (I will have 1 or 2 to share).

I.R. Illuminator with $\geq 600\text{mW}$ output if available. (I will have at least 1)

Tripod (important!) configured for rifle mounting if available. (Will 2 to share)

(MUST!)Quality Sling suitable for positional shooting support as well as "hands free" weapon carry.

Quality folding bipod attached to the rifle (OK to substitute a ruck pack, bull bag or low set tripod)

Eye and hearing protection. Usual rain gear, sun screen and any specific meds.

Backpack / Drag bag to carry gear.

You can bring ground mat but we will not be taking time to set up that type position in the few instances you are shooting from a prone position.

We will be moving as a group to each location on the range. You will be able to move via and have access to your vehicle throughout the course in order to facilitate our intended pace.

Any and all questions are welcome. Direct to: Terry@1MilRt.com
