

# 1 MIL RIGHT

Little things matter at a distance...

## Terry Cross

Owner / Lead - Instructor

I was born in East Texas and grew up in rural Louisiana. Introduced to formal rifle and pistol competitions in 1976, I began actively shooting with the intent of working with and against better shooters around the U.S. and abroad.

Through exposure to many gifted shooters and Law Enforcement professionals I was encouraged to push into larger events by 1987. This gave me access to test myself and grow against the best in the country.

Since then, I have been very fortunate to do well in many Local, State, Regional, National and International Competitions and Classes.

In 1987, I started **KMW** Long Range Solutions LLC to build precision “work rifles” and have blessed to stay backlogged since.

Both **KMW** and **1 Mil Right** have given me lifelong friendships and acquaintances with some of the finest people in the world. Many of those people also happen to be the most capable and gifted practitioners of this art. Every one of them has made me a better person in some way or another. My intentions are to keep an open mind and never become complacent by thinking I know it all.

---

**My shooting background includes but is not limited to.....**

**1<sup>st</sup> Place:** 2001 North American Sniper Championship
